Intelligent People.

When an intelligent People.

When an intelligent person makes up his mind to try Smith's Toule Syrup, made by Dr. John Bull, of Louisville, Ky., he will not be persuaded by his drugglet to take some other remedy. He will insist on his druggist getting the medicine he wants, even though he may have to wait a week for it. When a family has once used Smith's Toule Syrup and experlenced its quick effect in curing all symptoms of malaria, chills and fever, summer colds, etc., they never allow themselves to be without it. An intelligent father would as soon bo without flour in the house as to be without Smith's Toule Syrup. The children like it, and its effect is always satisfactory.
